

## Call for papers

# V Congreso Iberoamericano de Seguridad Informática (CIBSI'09)

**November 16–18, 2009, Montevideo, Uruguay**

The fifth Ibero-American Congress on Information Security *CIBSI'09* will be held from November 16-18, 2009, in the city of Montevideo, Uruguay, and is organized by the Engineering School of the University of the Republic (UDELAR) and the Polytechnic University of Madrid (UPM).

The CIBSI'09 consists of thematic sessions and invited lectures. We are pleased to announce that keynote lectures will be given by:

- Gilles Barthe, IMDEA Software, Spain
- Eduardo Giménez, University of the Republic, Uruguay
- José Luis Piñar Mañas, University CEU San Pablo, Spain

Among other Security and Information Protection themes, topics of interest include:

- Fundamentals of Security
- Algorithms and Cryptographic Protocols
- Vulnerabilities and Cryptanalysis
- Public Key Infrastructure
- Application Security
- Networking and Systems Security
- Access Control and Identity
- Techniques and Authentication Systems
- Architecture and Security Services
- Implementation and Security Management
- Contingency Plans and Recovery
- Auditing and Informatics Forensics
- Legislation for Security and Crime
- Regulations and Standards in Security
- Business and Electronic Commerce
- Honeypots, honeynets

The sessions will include presentations of articles which will be selected after an evaluation process.
